MANUFACTURER
of Decorative Privacy Window Films

You'll never look at a window the same way again.

Decorative Films offers the largest selection of window films in a wide range of colors, textures, and opacities. Whether you're looking to customize for style, add privacy, protect glass surfaces, improve security, or reduce heat or glare, we've got you covered. Explore our product catalog to find the perfect film for your next project. Then follow these guidelines to picture, plan, and spec your next project.

KEEP IN MIND

GUIDELINES

KEEP BROWSING!

Additional photos, information, and styling ideas are available online. Visit **DecorativeFilm.com** to take your inspiration even further.

CREATE AN ACCOUNT

Decorative Films is your project partner. Create an account to easily organize different projects, order samples, and reorder quickly.

CHECKING SPECS

Full specifications and technical data are available for all films. For film costs, opacity, durability, fire ratings, sizing options, and more, review the individual product pages at **DecorativeFilm.com**.

ORDERING SAMPLES

Find a few films you like? Use our 5"x7" oversized samples to see what each film looks like in your space. To order and track your FREE samples, log into your account or order directly from each product page.

SHIPPING + AVAILABILITY

All films are kept in stock and ready to ship out of our Maryland warehouse. Most orders ship via UPS within 24 hours of order receipt.

INSTALLATION

Detailed installation guidelines are available online. Installation kits are also available—so everything's ready to install, right out of the box.

WARRANTY

All films are backed by a standard five-year warranty. Visit **DecorativeFilm.com** for full warranty guidelines and limitations.

We're changing the way the world sees windows.

DECORATIVE FILMS

Made in the USA and
enjoyed worldwide.

Established in 2002, Decorative Films, LLC is a manufacturer and distributor of ready-to-install window films for design, solar control, and privacy applications. After more than 40 years' experience in the glass coating and solar control window tinting industries, we leveraged our knowledge to launch our own line of products—including SOLYX®, SimGlass®, UltraCool®, UltraSafe®, and UltraGlare® films. Today, we continue to supply the broadest selection of window films at the most competitive prices.

From the very beginning, owners Peter and Glenda Huyser and Managing Director Charl Berning have remained focused on finding ways to better serve our customers. Decorative Films' product innovation, customer service, quality standards, manufacturing efficiency, and diverse product lineup have helped us grow into an industry leader with a sales and installation network of over 2,850 dealers in the USA, and major distributors in Canada, the United Kingdom, Europe, the Middle East, India, Australia, and South Africa.

At Decorative Films, we're continually inspired to develop new techniques and improve our production capabilities. We carry nearly 1,000 SKUs and stock more than 51,000 rolls of film, and our customer list includes household names like Microsoft, Amgen, Bank of America, Paramount, ABC, FOX, and Disney.

No matter what design, solar control, or privacy challenge you face, we have a film to fix it. Our films offer year-round beauty, lifelong durability, and nearly limitless design possibilities—all delivered quickly and with cost-effective pricing. At Decorative Films, we see windows in a whole new light. And decade after decade, we're working hard to help our customers do the same.

BRING YOUR VISION TO LIFE WITH SOLYX iQ.

CUSTOM FILM

At Decorative Films, we know that some projects and spaces demand a one-of-a-kind design. Our Solyx iQ custom-made films give you that freedom. Available exclusively to commercial and wholesale customers, Solyx iQ lets you start from scratch and create something truly unique.

Whether you need a gradient film for semi-privacy, a full-color centerpiece, or something entirely original, we work closely with you to develop your vision and produce it using the highest quality materials available. It's the industry standard—delivered with a custom design that's anything but standard.
