

SOLYX SimGlas®

SGC-32 Decanter

Product Category Details

SGC-32 Decanter is a lightly textured, transparent film made from durable polyester that provides a softened, distorted view. This dimensionally stable film is UV stabilized, will not discolor nor shrink, and is supplied with a silicone coated liner which protects the clear, pressure-sensitive acrylic adhesive. It is recommended for application to interior glass and is ideal for semi-private distraction in decorative or architectural applications.

Flammability Rating

The products meet ASTM E84 and are classified as Class A, as defined in NFPA 101, Life Safety Code®.

LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

These products have zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

Product Description

SGC-32 Decanter features a sophisticated glass-like diamond pattern that provides subtle privacy while maintaining an upscale aesthetic.

Specifications

Product Code	SGC-32
Product Family	Geometric
