

SOLYX
UltraGreen® Glass Finishes
SGC-6540-UG Cross Reed

SGC-6540-UG Cross Reed features a refined texture that transforms ordinary glass into a sophisticated design element. Its geometric, grid-like pattern softly diffuses light while obscuring direct visibility, making it ideal for offices, partitions, and interior doors. This dimensionally stable film is 100% UV stabilized, will not discolor nor shrink, and is supplied with a silicone coated liner which protects the clear, pressure-sensitive acrylic adhesive. It is recommended for application to interior glass and is ideal for semi-private distraction in decorative or architectural applications.

Flammability Rating

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

Product Description

SGC-6540-UG Cross Reed

Introducing **UltraGreen**, an innovative collection of decorative privacy window films utilizing advanced, VOC-free coating technology and eco-friendly PVC-free materials to create an environmentally responsible product with exceptional performance.
