### Product Details

SOLYX® SX-0424 White Dual Projection is made of high-quality, white frosted silica PVC and has a high transmittance and light diffusion which makes color extremely sharp and brilliant. This film allows for excellent viewing angles with no distortion and is ideal for glass and plastic sheet applications such as windows, store fronts, restaurants, bars, trade show booths, and on advertisements for commercial displays.

#### Flammability Rating

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

#### LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

### Installation and Warranty

#### Installation

Installation should be in accordance with the manufacturer's installation instructions. It is applied using the same tools and techniques used for installing window tinting films. This film does take on fingerprints but is fully washable and cleans easily with SimGlas Window Film Cleaner and Polish. Installers should work with clean hands when handling this film.

#### Warranty

This SOLYX® product will be free from defects in material and manufacture for a period of five (5) years from the date of installation. See warranty information for specific details. Warranty does not apply to film problems caused by defective application.
