Transparent Synthetic

Product Details

SOLYX® SX-1462 Pixels is a durable adhesive film with an embossed, textured, prismatic pixel design using 3/16" squares. It is recommended for application to interior glass and exterior glass (inside surface) or plastics and polycarbonate sheets. This film reduces glare and is perfect for privacy, decorative, or architectural applications. It is also available in a static cling version, SX-SC462 Pixels.

Flammability Rating

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

Installation and Warranty

Installation

Installation should be in accordance with the manufacturer's installation instructions. It is applied using the same methods used for installing window tinting films.

Warranty

This **SOLYX®** product will be free from defects in material and manufacture for a period of five (5) years from the date of installation. See warranty information for specific details.
