Total Solar Absorbance	32%
Glare Reduction	40%
Total Solar Energy Rejected	65%

Product Construction

Face Film

8 mil Polymeric Vinyl

Adhesive

Clear, Pressure-Sensitive

Release Liner

Silicone Paper

Sx-1930

Product Details

SOLYX® SX-1930 Exterior One-Way Camouflage Film is designed for outdoor applications but can be used indoors as well. The black adhesive side is on the back of the film. If this film is applied on the exterior of a window, the camouflage pattern will face out to provide one-way visibility from the inside. This film is supplied with a silicone paper liner which protects the clear, pressure-sensitive adhesive and is ideal for hunting applications where one-way visibility is desired.

Flammability Rating

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

Installation and Warranty

Installation

Installation should be in accordance with the manufacturer's installation instructions. This film is applied using the same tools and techniques used for installing window tinting films.

Warranty

This **SOLYX®** product will be free from defects in material and manufacture for a period of five (5) years interior from the date of installation and (1) year for exterior applications. Life expectancy is 3-5 years for exterior applications. See warranty information for specific details. The warranty does not apply to film problems caused by defective application.
