

## SOLYX® Glass Finishes

### SX-2098 Magnetic White Dry Erase for All Surfaces – 23.5” x 18”

#### Product Details

**SOLYX® SX-2098 Magnetic White Dry Erase for All Surfaces** is a glossy white 23.5” x 18” sheet of opaque film with a ferrous content to which magnets can stick. It is coated with a premium dry erase surface and has a silicone coated pressure-sensitive adhesive for dry installation. This film is recommended for application to all interior glass surfaces. It is ideal for decorative or architectural applications where a dry erase surface with a magnetic capability is desired.

#### Flammability Rating

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

#### LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

#### Product Description

**SOLYX® SX-2098 Magnetic White Dry Erase for All Surfaces – 23.5” x 18”** is a sheet of white opaque film with a ferrous content to which magnets can stick, coated with a dry erase surface.

|                |  |
|----------------|--|
| Product Code   | SX-2098                                  |
| Product Family | Specialty -Dry Erase                     |
| Film Type      | Ferrous/PET                              |
| Adhesive Type  | Pressure-Sensitive<br>Silicone/Removable |
| Usage          | Interior                                 |
| Available Size | 23.5” x 18”                              |
| Thickness      | 22.8 mil                                 |

#### Product Construction

##### Face Film

Clear Dry Erase/White PET/Magnetic Compound

##### Adhesive

Clear, Pressure-Sensitive

##### Release Liner

Blue Silicone Coated

#### Installation and Warranty

##### Installation

Installation should be in accordance with the manufacturer's installation instructions. It is applied using the same methods used for installing films by dry application. No wetting agent is recommended as condensation left behind the film will cause the film to lift.

**The blue release liner is difficult to remove and must be peeled off prior to installation.**

**NOTE: For best performance – Immediately after install, thoroughly clean the dry erase surface with a glass cleaner and soft microfiber cloth.**

##### Warranty

This **SOLYX®** product will be free from defects in material and manufacture for a period of five (5) years from the date of installation. See warranty information for specific details.

#### Product Distribution and Contact Information

##### Distribution

**SOLYX®** Decorative Films are available through authorized Installing Dealers, Distributors, or directly from Decorative Films, LLC. Samples submitted upon request.
