Product Details

SOLYX® SX-3130 White 70 Diffuser This film is a premium, 2-mil (50 micron) cast vinyl with an etched surface added. It is perfect for privacy, decorative or architectural applications. Use it whenever you need the added elegance of an etched glass look without costly etching or sandblasting. This versatile product has been designed to deliver outstanding performance and durability. A unique synthetic silicone liner makes it easier than the standard etched glass vinyl easier to see when weeding – even when using fine-lined graphics and lettering. A special adhesive system ensures superior adhesion under the most demanding conditions. This film is applied using the same tools and techniques for applying window films. [1](#)
