Clear, Solvent Acrylic

Release Liner
3.5 mil Silicone Coated PET

*This printable and plottable film is provided for general use, but its suitability for specific applications may vary. Users are advised to conduct thorough testing with their equipment and under their specific conditions to determine its compatibility and performance for their intended purposes. The manufacturer makes no guarantees, expressed or implied, regarding the fitness of this film for any particular printing or plotting application. Usage without prior testing is at the user's discretion and risk. It is the responsibility of the user to ensure that the film meets their specific requirements before full-scale production or critical applications.

Product Description

SOLYX® **SX-8400 Holographic Clear** is a versatile glass film, engineered to be both printed and cut for graphics. This makes it an excellent choice for unique projects. This product can also be used as a top coat, or laminate to create a light refracting/holographic finish.

Flammability Rating
This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants
This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

Media* Use and Warranty

Print
Suitable for most printing.

Plotting and Masking
RTape AT65 is the recommended masking tape when plotting SX-MD-8301.

Installation
Wet applied using dish soap and water solution. See manufacturer’s full installation guidelines for further details.

Warranty
This SOLYX® product will be free from defects in material and manufacture for a period of five (5) years from the date of interior installation. Exterior installations have a three (3) year warranty. See warranty information for specific details.
