

SOLYX® Glass Finishes

SX-SC511 Gems

Product Details

SOLYX® SX-SC511 Gems is a beautiful, prismatic, light-scattering film with a textured finish made to look like a rocky surface with embedded gems. The gems scatter the light creating rainbows of color as light shines through. Made of durable polypropylene with a clear, removable release liner, it has a total nominal thickness of between 7 and 9 mils. This fully removable and reusable non-adhesive film is recommended for application to interior glass and the inside surface of exterior glass and is ideal for decorative or architectural applications.

Flammability Rating

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

Product Description

SOLYX® SX-SC511 Gems is a static cling film with a textured finish made to look like a rocky surface embedded with gems. It provides obscured visibility and excellent light transmission.

Specifications

Product Code	SX-SC511
