Visible Light Transmission	21%
UV Transmission	1%
Absorption	42%
Total Solar Energy Rejected	56%

Product Construction

Face Film

8 mil Polypropylene

Adhesive

Non-Adhesive Static Cling

Release Liner

Transparent Synthetic

Product Details

SOLYX® SX-SC557 Titanium Stones is an embossed, textured film with a decorative pattern of prismatic stones on an umber colored background. This non-adhesive static cling film is made of durable polypropylene with a clear, removable release liner, and is recommended for application to interior glass and the inside surface of exterior glass. This fully removable and reusable film, which reduces glare and provides excellent shading, is ideal for privacy, decorative, or architectural applications.

Flammability Rating

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

Installation and Warranty

Installation

Installation should be in accordance with the manufacturer's installation instructions. This film is applied using the same methods used for installing window tinting films.

Warranty

This **SOLYX®** product will be free from defects in material and manufacture for a period of five (5) years from the date of installation. See warranty information for specific details.
