UV Transmission	6%
Absorption	28%
Total Solar Rejected	50%

Product Construction

Face Film

8 mil Polypropylene

Adhesive

Non-Adhesive Static Cling

Release Liner

Transparent Synthetic

Product Details

SOLYX® SX-SC699 Mint Bouquet is a patterned film with lightly colored, textured leaves on a frosted background. It is made of durable polypropylene and has a clear, removable release liner. This non-adhesive static cling film is fully removable and reusable and is recommended for application to interior glass, exterior glass (inside surface), or plastics and polycarbonate sheets. Reducing glare and adding a touch of color, this film is ideal for privacy, decorative, or architectural applications.

Flammability Rating

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

Installation and Warranty

Installation

Installation should be in accordance with the manufacturer's installation instructions. It is applied using the same methods used for installing window tinting films.

Warranty

This SOLYX® product will be free from defects in material and manufacture for a period of five (5) years from the date of installation. See warranty information for specific details.
