Product Details

SOLYX® SX-SC700 3D Bars is a striped, lightly textured static cling film with 3/16" frosted holographic lines. It provides obscured visibility and excellent light transmission. This non-adhesive static cling film is made from durable polypropylene and is supplied with a clear removable release liner. It is recommended for application to interior glass, exterior glass (inside surface), plastics, and polycarbonate sheets. Fully removable and reusable, it reduces glare, adds design, and is ideal for privacy, decorative, or architectural applications.
