## Product Details

**SOLYX® SXC-4516-UG Diagonal Stripes 716** features a striking 45° diagonal stripe pattern that brings a sense of modern movement and texture to glass surfaces. The balanced interplay of frosted and transparent lines allows natural light to pass through while softly obscuring views, making it an ideal solution for offices, conference rooms, and interior glass applications where both aesthetics and subtle privacy are important. An UltraGreen collection film.
