Product Details

SOLYX® SXEG-1033 Elite Stained Glass is a beautifully colored, made-to-size polyester film made to simulate stained glass. The panels include semi-clear as well as colored areas in shades of violet, blue, red, orange, gold, and green. This film is made of durable PET and is supplied with a silicone-coated liner which protects the clear, pressure-sensitive adhesive. Recommended for application to interior and exterior glass (inside surface), it is ideal for privacy, decorative, or architectural applications, adding beauty and color to any glass surface.

Flammability Rating

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

Installation and Warranty

Installation

Installation should be in accordance with the manufacturer's installation instructions. This film is applied using the same tools and techniques used for installing window tinting films.

Warranty

This SOLYX® product will be free from defects in material and manufacture for a period of five (5) years from the date of installation. See warranty information for specific details.
