

SOLYX
UltraGreen® Glass Finishes
SXEG-3452-UG Calla Lily Stained Glass

Product Description

SOLYX® SXEG-3452-UG Calla Lily Stained Glass Introducing **UltraGreen**, an innovative collection of decorative privacy window films utilizing advanced, VOC-free coating technology and eco-friendly PVC-free materials to create an environmentally responsible product with exceptional performance.

Specifications

Product Code	SXEG-3452-UG
Product Family	Made to Size
Film Type	Polyester
Adhesive Type	Pressure-Sensitive
Usage	Interior
Available Width(s)	Varies – almost no limits
Thickness	3 mil
Visible Light Transmission	40%
UV Transmission	1%
Infrared Transmission	24%

Product Construction

Face Film

3 mil Polyester

Adhesive

Clear, Pressure-Sensitive

Release Liner

Silicone Coated

Product Details

Inspired by the stained glass artistry of the early 1900s, **SXEG-3452-UG Calla Lily Stained Glass** decorative window film brings classic Art Nouveau design to residential and commercial interiors. Graceful calla lilies, flowing botanical motifs, authentic leaded lines, and textured glass finishes recreate the handcrafted appearance of traditional stained glass while providing decorative privacy for existing glass.

A creamy, marbled border surrounds an antique-style wavy glass center with a geometric diamond pattern. Soft greens, lavender purples, smoky grays, and warm white tones create an elegant botanical design that complements both traditional and contemporary architecture. Each panel is custom made to your exact dimensions for a perfect fit. Designed for entry doors, sidelight, transoms, picture windows, cabinet glass, and interior windows, Calla Lily Stained Glass offers the appearance of custom stained glass with the durability and convenience of decorative window film.

Flammability Rating

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

Installation and Warranty

Installation

Installation should be in accordance with the manufacturer's installation instructions. This film is applied using the same tools and techniques used for installing window tinting films.

Warranty

This SOLYX® product will be free from defects in material and manufacture for a period of five (5) years from the date of installation. See warranty information for specific details.
