

SOLYX
UltraGreen® Glass Finishes
SXEG-3454-UG Vista Stained Glass

SOLYX® SXEG-3454-UG Vista Stained Glass Add historic charm and artistic modern appeal with Vista, a striking geometric stained-glass design inspired by the enduring beauty of Prairie-style architecture and the expansive colors of the American prairielands. Featuring a repeating linear pattern reimagined through bold new shapes and expressive colorways, Vista draws from the golden tones of wheat fields, dramatic sunset oranges and rust reds, and the vivid blues of open prairie skies. Intricate geometric forms allude to directional arrows, chromatic striping, and handcrafted leaded glass composition, while extraordinary textured and frosted finishes recreate the authentic appearance of artisanal stained glass. Inspired by the Arts & Crafts movement and early 20th-century Prairie Style design, this decorative window film transforms ordinary glass into a conversation-worthy architectural feature rich with warmth, privacy, and timeless character. Perfect for transforming sidelights, entryways, transom windows, and interior glass applications with a refined Mission-style aesthetic.

Product Description

SOLYX® SXEG-3454-UG Vista Stained Glass Introducing **UltraGreen**, an innovative collection of decorative privacy window films utilizing advanced, VOC-free coating technology and eco-friendly PVC-free materials to create an environmentally responsible product with exceptional performance.

Specifications

Product Code	SXEG-3454-UG
Product Family	Made to Size
Film Type	Polyester
Adhesive Type	Pressure-Sensitive
Usage	Interior
Available Width(s)	Varies – almost no limits
Thickness	3 mil
Visible Light Transmission	14%
UV Transmission	4%
Infrared Transmission	24%

Product Construction

Face Film

3 mil Polyester

Adhesive

Clear, Pressure-Sensitive

Release Liner

Silicone Coated

Flammability Rating

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

Installation and Warranty

Installation

Installation should be in accordance with the manufacturer's installation instructions. This film is applied using the same tools and techniques used for installing window tinting films.

Warranty

This **SOLYX®** product will be free from defects in material and manufacture for a period of five (5) years from the date of installation. See warranty information for specific details.
