SXEG-3458-UG Midcentury Mosaic Stained Glass

Product Details

SOLYX® SXEG-3458-UG Midcentury Mosaic Stained Glass Midcentury Mosaic blends elegance with Prairie-style geometry in a graceful floral-inspired composition. Geometric shapes in soft shades of blue and green add dimension to this primarily frosted-finish film. Inspired by the Arts & Crafts movement and early 20th-century Prairie Style design, this decorative window film combines semi-transparent elements with a richly textured opacity to recreate the authentic appearance of handcrafted stained glass.

Midcentury Mosaic transforms ordinary glass into a timeless architectural feature, bringing warmth, privacy, and artisanal character to entryways, cabinets, transom windows, and interior glass spaces.

This decorative window film is custom made to size, with the pattern carefully scaled and rendered for a seamless fit across your glass surfaces.
