Product Details

SOLYX® SXJ-0553 Sapphire Dot Gradient is a polyester film with a translucent, frosted, sapphire blue dot pattern that graduates in opacity from bottom to top. This durable film is manufactured with a silicone coated liner which protects the clear, pressure-sensitive adhesive and is designed for application to interior glass, single- or double-pane, and exterior facing glass. It is ideal for privacy, decorative, or architectural applications.

Flammability Rating

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

Installation and Warranty

Installation

Installation should be in accordance with the manufacturer's installation instructions. This film is applied using the same tools and techniques used for installing window tinting films.

Warranty

This SOLYX® product will be free from defects in material and manufacture for a period of five (5) years from the date of installation. See warranty information for specific details.

Glass Breakage

This film is considered to be safe for installation on all types of glass including laminated glass and insulated glass units; however, because there are many causes for glass breakage, there is no warranty for glass breakage from any cause whatsoever.
