

SOLYX® Glass Finishes

SOLYX: SXJ-0581 Symmetric Fine Dots Gradient

Product Details

SOLYX: SXJ-0581 Symmetric Fine Dots Gradient is a polyester film with a white matte translucent dual fading gradient in a small dot design pattern. Ideal for direct visibility control. This film is designed for application to interior glass, single or double pane and exterior facing glass. Made of durable Polyester! Perfect for privacy, decorative or architectural applications. Manufactured with a silicone liner, which protects the clear, pressure-sensitive adhesive, and applied using the same tools and techniques for window films.
