

SOLYX® Glass Finishes

SXN-1700 Mulberry DryApply

Product Details

SOLYX® SXN-1700 Mulberry DryApply is a complex film made from cultivated mulberry fibers (koko) which are harvested from living mulberry trees without harming the trees. The outer layer of bark is taken off the tree and fibers are taken from the back side of the bark. This film features tiny chips of mulberry bark inclusions that add dimension and texture to the film. The base fiber is light, crisp, and semi-translucent. This film is ideal for privacy, decorative, or architectural applications.

Flammability Rating

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

Product Description

SOLYX® SXN-1700 Mulberry DryApply features tiny chips of mulberry bark on an opaque background, adding dimension and texture, providing privacy, and bringing a touch of nature indoors.

Specifications

Product Code	SXN-1700
Product Family	Natural
