

## SOLYX® Glass Finishes

### SXN-1710 Bamboo DryApply

#### Product Details

**SOLYX® SXN-1710 Bamboo DryApply** is a complex film made from 100% kozo with large pieces of shredded bamboo as added inclusions. Kozo, which is light, crisp, and semi-translucent, is the inner bark of the mulberry tree that is harvested without harming the tree. The inclusions of the shredded bamboo add dimension and texture to the film and are random so each foot of film will differ. This film is ideal for privacy, decorative, or architectural applications.

#### Flammability Rating

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

#### LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

#### Product Description

**SOLYX® SXN-1710 Bamboo DryApply** features shredded bamboo inclusions on a semi-opaque background, adding dimension and texture, providing privacy, and bringing a touch of nature indoors.

#### Specifications

Product Code	SXN-1710
Product Family	Natural
Film Type	Complex
Adhesive Type	Air Egress DryApply
Usage	Interior
Available Width(s)	44"
Full Roll Length	50 linear feet
Thickness	12mil
Visible Light Transmission	3%
UV Transmission	0%
Infrared Transmission	3%

#### Product Construction

##### Face Film

12 mil Complex Construction

##### Adhesive

**SOLYX®** DryApply, Clear, Pressure-Sensitive, Air Egress

##### Release Liner

Paper

#### Installation and Warranty

##### Installation

Installation should be in accordance with the manufacturer's installation instructions. This film features **SOLYX®** "DryApply" technology - simply remove the protective backing and squeegee directly onto the glass surface dry. Do not use any solutions to install this product.
