Plottable

#### Product Details

SOLYX® SXO-025 Brimstone Yellow is a colored adhesive vinyl film with a blurry, transparent view. Created for high-quality lighted displays, stained-glass designs, window graphics, and backlit surfaces, it is one of 30 soft-sheen colors that can be superimposed to create an infinite color palette. This film is manufactured with a plottable liner which protects the clear, pressure-sensitive adhesive, and is ideal for decorative or architectural applications.

#### Flammability Rating

This product meets ASTM E84 and is classified as Class A as defined in NFPA 101, Life Safety Code®.

#### LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants

This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

#### Installation and Warranty

##### Installation

Installation should be in accordance with manufacturer's installation instructions. This film is applied using the same tools and techniques used for installing window tinting films.

##### Warranty

This SOLYX® product will be free from defects in material and manufacture for a period of five (5) years interior from the date of installation and (1) year for exterior applications. Life expectancy is 3-5 years for exterior applications. See warranty information for specific details. The warranty does not apply to film problems caused by defective application.
