

## SOLYX® Glass Finishes

### SXS-M6000 SILVER MIRROR OPAQUE

#### Product Details

SOLYX® SXS-M6000 Silver Opaque Mirror film is designed for application to interior glass, single or double pane and exterior facing glass. Made of durable Polyester with an opaque silver reflective surface, perfect for privacy, decorative, solar control or architectural applications. The total nominal thickness is 2mil. Manufactured with a scratch resistant surface. This film has a clear silicone release liner which protects the clear, pressure-sensitive adhesive, and is applied using the same tools and techniques for window films.

#### Product Description

SOLYX® SXS-M6000 Silver Mirror Opaque is a highly reflective polyester film with a scratch resistant coating. This film is excellent for heat and UV rejection, privacy, and mirror applications.
