Product Details

SOLYX® UltraSafe-260 2 Mil Clear Safety Film is an optically clear polyester film with an aggressive adhesive that molecularly bonds the film with the glass. Included in the construction is an interior layer of ultra violet screening that allows for 99% rejection of damaging ultra violet rays, and on the outer surface is one of the strongest scratch resistant coatings in our industry. This premium grade safety film provides moderate strength to help hold glass together if struck.
